

Our Story

After years of wishful thinking and half-hearted scheming, I started building my first tiny home in my own backyard. I quickly realized that this was no small undertaking — city regulations were challenging, confusing, and convoluted — but it was well worth the hassle. In just one year, I recouped my initial investment and was generating over \$2,000 in monthly passive income.

My backyard tiny home provided me with new-found financial freedom and stability, inspiring me to help others achieve the same. My brother and I partnered up to launch StayTinyTX with the mission to help you make the most of your property - because your backyard should be working as hard as you do. Team up with us and start making your backyard pay its own way. – Sam G., StayTinyTX Co-Founder

Our Services

From initial design to final installation, we manage every aspect of your tiny home project.

Site Feasibility Assessments

Comprehensive property evaluations to ensure your land is a perfect fit for your new tiny home.

Permitting & Utility Upgrades

"We'll make sure you have the information you'll need to meet any local building & utility requirements.

Customizable Layouts & Designs

Choose from our three different floor plans and customize the interior design to match your tastes.

Professional Installation

Our team ensures your tiny home is expertly installed and move-in ready.

Who We Serve

StayTinyTX is dedicated to helping average homeowners maximize their property's potential. **We offer a solution that meets you where you are.**

Offset the cost of a bigger home

Have you had more kids and need more space, but you can't afford to move with today's high interest rates?

Supplement your income

Are you on a fixed income wanting to age-in-place, but you are struggling to keep up with rising costs?

Support the next generation

Are you a dedicated live music enthusiast and want to support the next generation of upcoming artists struggling to find affordable, stable housing?

Our tiny homes address the unique needs of individual homeowners while creating affordable housing options that support the greater good of your community.

Why Choose StayTinyTX

Affordable Quality: Our modular homes are built at half the cost of traditional construction, ensuring high-quality living spaces without breaking the bank. Pricing starts at \$99,000.

Eco-Friendly Living: We prioritize sustainable practices in our designs, resulting in lower utility bills and more efficient use of space.

Community-Oriented: Our tiny homes are affordable to the average homeowner, and we see adding a backyard tiny home as a way to give more opportunity and flexibility to our community's teachers, nurses, artists, and public safety servants.

Innovative Solutions: In certain cases, we own the tiny home, and you own the land. Share your backyard to earn passive income.

Your tiny home journey starts here.
